

STOP the big give-away to the media moguls of what should be left alone to serve the public interest. Show some back bone and some ethics, please. You do not have to cave in to the big business interests (apparently the only true interest) of this nasty and untruthful administration. Do not vote for giving already massive media companies control of the rest of the media in this country. Start listening to the 96% of the people who are against your secret plan. VOTE NO ON THIS PLAN!
